

WAXING

POST-CARE TREATMENT

POST-TREATMENT CARE:

FOR THE FIRST 24 HOURS

After a wax, your hair follicles are open for the first 24 hours. It's important to follow the rules below to prevent any bacteria from getting in your hair follicles, this will ensure the smoothest results possible. It is normal to have a little redness or tenderness after waxing.

- ▶ No touching
- ▶ No exercise/sweating
- ▶ No tanning
- ▶ No swimming, steam rooms or saunas
- ▶ No sexual contact

If you have any concerns or questions, please call 860-656-7482 or text 860-831-4341
